## Declaration in relation to the EU Timber Regulations (EUTR)

Sven Christiansen is classified as a 'Trader' under the EUTR: we purchase timber that has already been placed onto the EU market.

To comply with the EUTR we are required to keep records of timber we have purchased and timber we have sold. We do this anyway both as a function of normal business practice and in compliance with our ISO 9001 system. We further monitor and control our timber purchases in relation to our FSC certification.
